# **Relevant Work Experience**

#### Client

Fairy P logo project: Sep. 2020 — Oct. 2020

#### Client

## West Palm Management group logo: Sep. 2019 — Oct. 2019

I learned about consumer interests and dislikes in the real estate industry. I created a minimalist home styled logo for the company, after multiple iterations.

The client was satisfied with their mark and they successfully attained prosperous real estate clients in NY and Chicago: amounted to over \$100,000.

#### **Graduate Case Study**

## Paws for Orlando style guide: Mar. 2019 — Apr. 2019

My team and I were assigned to create an organization that operated for the economy or general community. We were tasked to create the brand identity.

I was a member of the graphic design team. We created assets for the website layout for the UX/UI team and designed the entire brand style guide.

Our marketing project was presented among our community and effectively connected to the pseudo-client's target audience.

# Education

## **University of Central Florida**

BA in Web Design and Digital media 2017—2020

Valencia College Associates degree in Arts 2015—2017
